

03/12/2021 WELL Evaluation Team Action Research, Case Study and Survey

To: All Targeted Offer Schools

Good Morning

On the 15<sup>th</sup> of November you received the email below from Georgina Hudson, who is part of the WELL evaluation team with the University of Nottingham.

Thank you to the schools who have signed up to be part of Action Research or a Case Study school. We would appreciate schools that have not yet read the attached document to do so and sign up for one of the Evaluation elements.

To sign up please complete and return a consent form to [Georgina.Hudson@nottingham.ac.uk](mailto:Georgina.Hudson@nottingham.ac.uk) by the **10<sup>th</sup> December 2021**

The Evaluation Team have also emailed you this week with a link to the WELL Evaluation Survey. We really hope that all schools participating in WELL will see a value in completing this essential evaluation tool. The level of response will in itself be an indicator of project success or not to date.

Thank you for all of the Implementation Plans and Signed Grant Offer letters that have been received. Dale and the Evidence Leaders in Education (ELEs) will be reviewing your plans in the coming weeks and feedback will be provided no later than the start of Spring Term. This will not delay access to your Targeted grant, however we anticipate that you will want to review and update your plan based on the feedback received. We are also in the process of allocating ELEs to support you in your implementation phase.

Kind regards

**Vicki Clarke**  
WELL Project Manager
