

28/01/2022 WELL Phonics Webinar Friday 4<sup>th</sup> February 2022 2-3pm

To: WELL School with Phonics Priority Focus

“Good Morning

Thank you for submitting your Implementation plan and indicating that Phonics would be one of the priority areas you wish to focus your WELL grant on.

Due to the number of schools that have identified phonics as a key focus, we have an exciting opportunity through WELL to create a dynamic learning community. One of the Key Performance Indicators for WELL relates to how well we can collectively identify and apply the best ingredients for successful teaching of phonics, and how successfully we can reduce variations in outcomes between schools and between pupil groups, including the disadvantaged. This is such an important focus and WELL has been delighted to be a part of recent, joined up conversations with **The English Hub, Cumbria Research School**, and the **LIS** named **English Adviser**. As part of this joint commitment to support you, the English Hub has arranged a webinar to assist our collaborative learning. It will be an invaluable session for all of you, including those already working with the hub.

This high-quality session will include:

- Headteacher & Strategic Lead sharing the key leadership decisions that have enabled reading success
- Discussion into the best practice in the teaching of systematic synthetic phonics and early reading
- Resources and ideas to take away to support action planning into implementation
- How to access further support from the Hub and coordination opportunities.

To register for this one-hour session please select the link below
