

03/12/2021 Universal Evaluation Team Action Research email re Case Study and Survey

To: All Universal Offer Schools

Good Afternoon

On the 15th of November you received the email below from Georgina Hudson, who is part of the WELL evaluation team with the University of Nottingham.

Thank you to the schools who have signed up to be part of Action Research or a Case Study school. We are really optimistic that getting involved will add value to you and support your school to achieve success. It will also provide evidence to our Grant Sponsors of the commitment that we know is out there to learn and collaborate with each other. We would encourage schools that have not yet read the attached document to do so and consider signing up for one of the Evaluation elements.

To sign up please complete and return a consent form to Georgina.Hudson@nottingham.ac.uk by the **10th December 2021**

A webinar which we recorded with the Evaluation team in October can be found [here](#) if you require further information or please do not hesitate to contact Dale or myself.

The Evaluation Team have also emailed you this week with a link to the WELL Evaluation Survey. We really hope that all schools participating in WELL will see a value in completing this essential evaluation tool. The level of response will in itself be an indicator of project success or not to date. Many thanks

Vicki Clarke
WELL Project Manager
