

Good Morning

The WELL project is proud to have prioritised and funded the training and backfill to train **80 ELSAs** and the ongoing supervision of **99 ELSAs** with plans to train a further 20 in secondary schools this summer term. Through LASL meetings and individual conversations with schools we are delighted that so many schools speak highly about having this additional expertise within their team. You are receiving this email, as your school has benefited from this WELL element. Please could you complete this [short survey](#) by **6th May**, in order for us to capture invaluable feedback and share best bets for success. Without a high response rate to this survey we will be unable to provide evidence of our Key Performance Indicators, including the commitment to share and learn from each other, which could put at risk access to further funding.

Best Wishes

Dale Hill WELL Director

Vicki Clarke

WELL Project Manager
