Trainer: Sue Frost

Western Excellence in Leadership and Learning (WELL)

Being an Evidence Informed Governor

Please note that this course is funded by the WELL project and so only available to schools in Allerdale and Copeland.

Outline

Explore the EEF Guidance on becoming an evidence-informed school governor or trustee. School governors and trustees play a crucial role in improving school performance by providing support and challenge to the headteacher and their leadership team. It is essential, therefore, that you can access and use the best available evidence-based resources.

Description

Target Audience:

Governors

Trustees

Please note that this course is funded by the WELL project and so only available to schools in Allerdale and Copeland.

Course Provider:

Sue Frost – Director, Educational Research Alliance

Patty Williams – Assistant Director, Educational Research Alliance

Refreshments:

Please note that refreshments will be provided at this course

Outcome

- To explore how research evidence can help your school
- To explore how to use evidence-based guidance to provide practical support and challenge

focusing on:

1. How well pupils are achieving in your school
2. How effectively is your school spending its money
3. How does your school support effective teaching and learning
