Strive-for-Five: Enhancing Language Through Conversation

Serve-and-return interactions are vital for early language and communication, strengthening relationships while immersing children in rich vocabulary.

The Strive-for-Five framework builds children's comprehension, critical thinking and expressive skills through at least five back and forth exchanges. This simple yet powerful strategy extends thinking in one to one interactions while enriching the language environment for all.

Join our **FREE Strive-for-Five Online Webinar**

Explore how Strive-for-Five can enrich everyday conversations with simple adjustments to practice—focusing on deeper engagement rather than major changes. Plus, receive a **FREE** guide to support you and your team in embedding this approach in your setting.

 **Thursday 19th March 2026, 3:45 - 4:45pm**
